Workforce Overview

- 1) The organization has a total workforce of **1,470 employees**, out of which **237 employees have left**, resulting in an overall **attrition rate of 16.12%**.
- 2) Currently, **1,233 employees are active**, indicating that employee retention remains a critical business focus area.
- 3) The **average employee age is 37 years**, suggesting a workforce largely concentrated in mid-career stages.
- 4) The organization's **average monthly salary is 6,503**, which can be further benchmarked against industry standards to evaluate compensation competitiveness.

Demographics & Attrition

- 1) Age Impact:** Attrition peaks between ages **30–36**, indicating mid-career employees are most at risk.
- 2) Gender Split:** Male employees (882) outnumber female employees (588). Attrition is slightly higher among males.
- 3) Marital Status:** Single employees show higher attrition compared to married/divorced groups.
- 4) Travel Frequency:** Employees who **travel frequently** have higher attrition rates, suggesting travel burden impacts retention.

Department & Role Analysis

Department Attrition:

- Sales:** 56% of attrition (highest risk area).
R&D: 39% attrition.
HR: 5% attrition.

Job Roles with Highest Attrition Rates:

- Sales Representatives – **39.8%**
Laboratory Technicians – **23.9%**
Human Resources – **23.1%**
Sales Executives – **17.5%**

Strategic Recommendations

- 1) Targeted Retention Programs** for Sales and R&D departments.
- 2) Career Development & Flexibility** for mid-career employees (30–36 age group).
- 3) Reduce Travel Burden** by offering hybrid/remote options or travel incentives.
- 4) Job Satisfaction Initiatives** focused on Sales Representatives and Lab Technicians.
- 5) Education-specific Engagement** programs for Life Sciences and Medical graduates.

Education Field

- 1) Employees from **Life Sciences (89)** and **Medical (63)** fields account for the majority of attrition.
- 2) Technical Degree and Marketing also show notable turnover.

Job Satisfaction

1) Overall satisfaction is mixed:

- **Rating 1 & 2 (Low):**
569 employees (39%).

- **Rating 3 & 4 (High):**
901 employees (61%).

2) Sales Representatives and Laboratory Technicians report the **lowest satisfaction**, aligning with their high attrition rates.
